what does it mean to follow your rainbow?
. . . it means reaching out;
trying to touch a goal.

. . . it means finishin
started; never quittin
. . . it means striving
discouragement.

always follow your own rainbow, follow your own dreams.
it will be a unique path that no one else can call their own

your dreams are not nightmares - don't fear them.

you may encounter difficulties, criticism,
change, new experiences, and even failure;

you're not regressing; just learning, progressing, growing.

the first steps are always hard, but once you've taken them, you can look back and see your achievements.

it's all worth it when you get there . . .
but you're never really there.

you're not close to the end, just farther from the beginning.

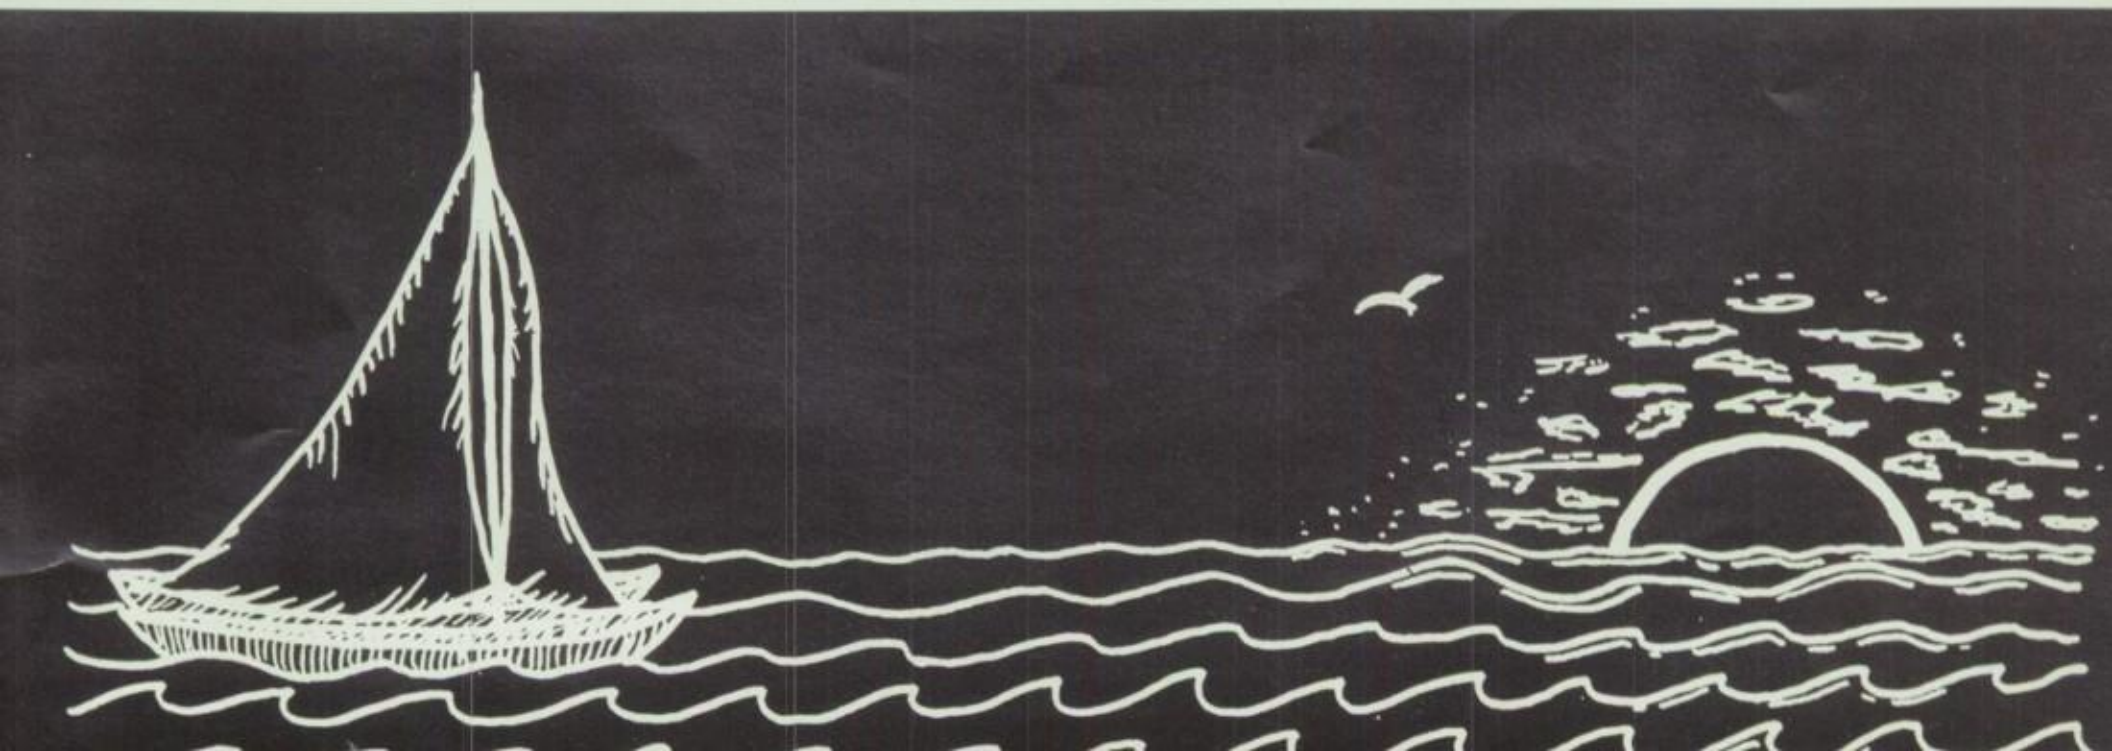
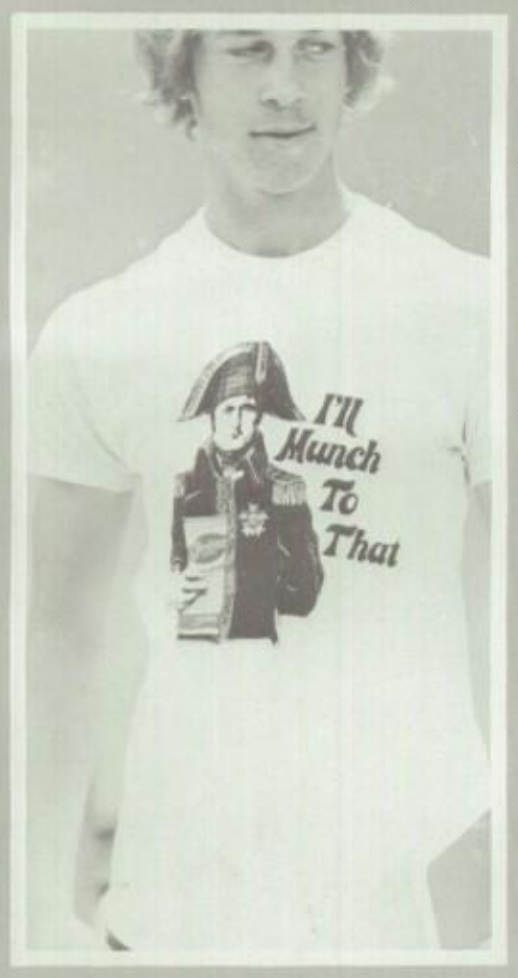
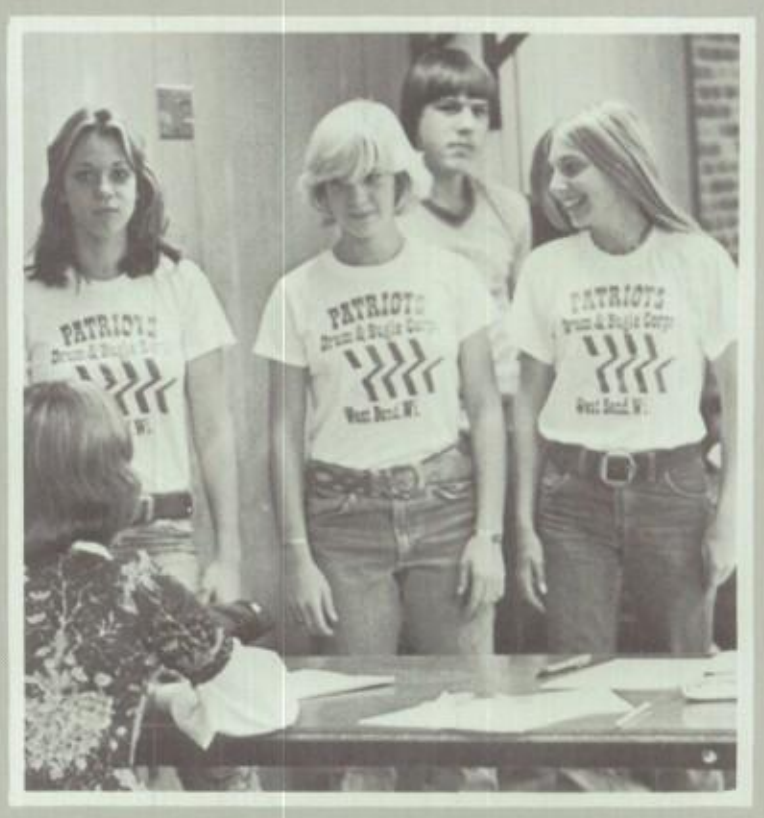
activities





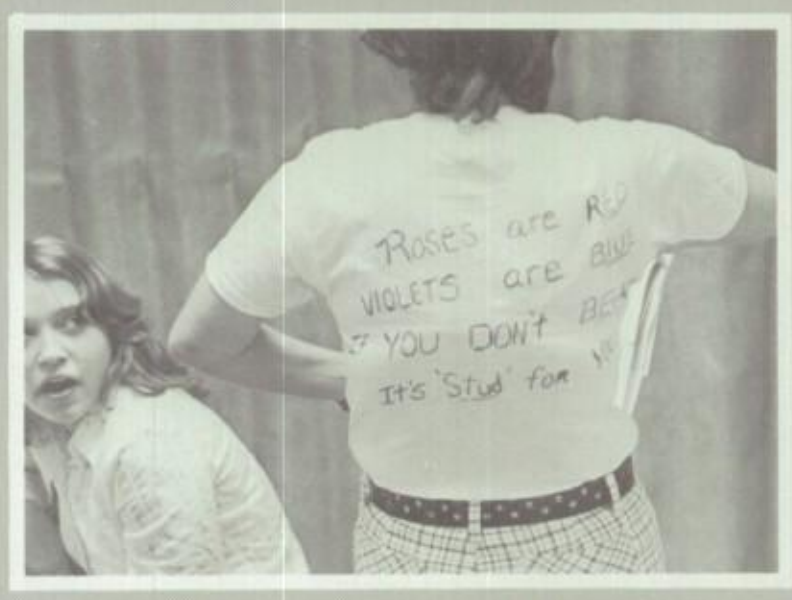


Spirit was flowing during pep week as students and faculty supported T-shirt, pickle, bubble gum, clash and frontier days.

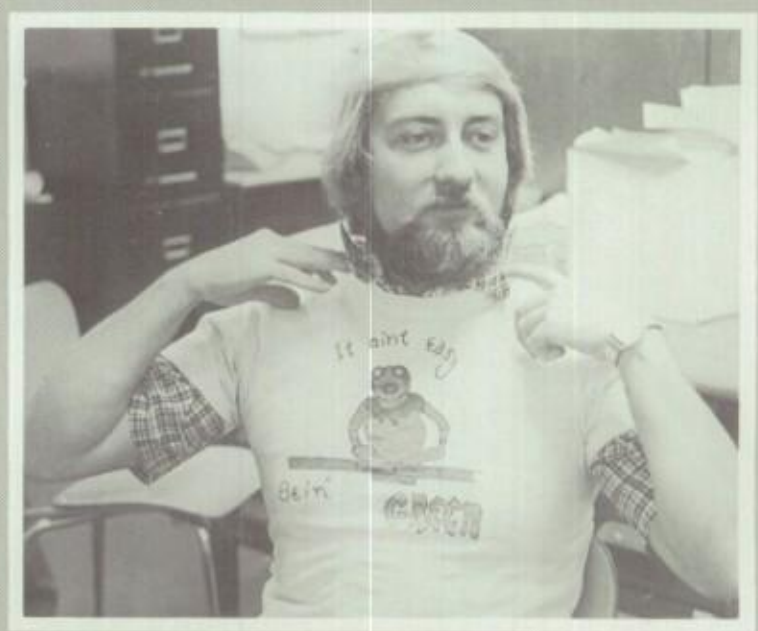
The remainder of the week brought forth the splattering of paint on posters and cars, and the building of class floats.

Class competition was fierce at pep rallies and during pep week events, the final results placed the juniors as the winners of the spirit jug, followed by the sophomores, seniors and freshmen.

Covered wagons and horses brought our pep week to a close, as the Spartans marched onward to the big game against the Hartford Orioles.



Shirt Day



"Frontier Fashions" thrived during pep week.

Pep was expressed at many events during pep week, including two of the most popular activities; the powder puff football game and the olympics.

The annual powder puff football game was won by the junior-sophomore team.

The powder puff game was followed by the school olympics. The final Olympic results placed the seniors first, followed by the juniors, sophomores and finally the freshmen.

HOMECOMING

Covered wagons, horses, and a lot of pep, brought in this year's Homecoming theme, "Frontier Days".

Spirit was flowing as students supported T-shirt, bubble gum, pickle, clash, and frontier days.

Also present were such events as car painting, the powder puff football game, the parade, the final dance, and of course the big game against the Hartford Orioles.

HOMECOMING

The 1976 Homecoming Court was reigned over by king, Roger Grosz and queen Heidi Koehn. Class representatives were: Brian Klinger, Stephanie Fischer, Bruce Herbst, Penny Schneiss, Jim Michaelson, Connie Spoerke, Steve Lang and Mary Linnemanstons.

FOREHGN EXCHANGE

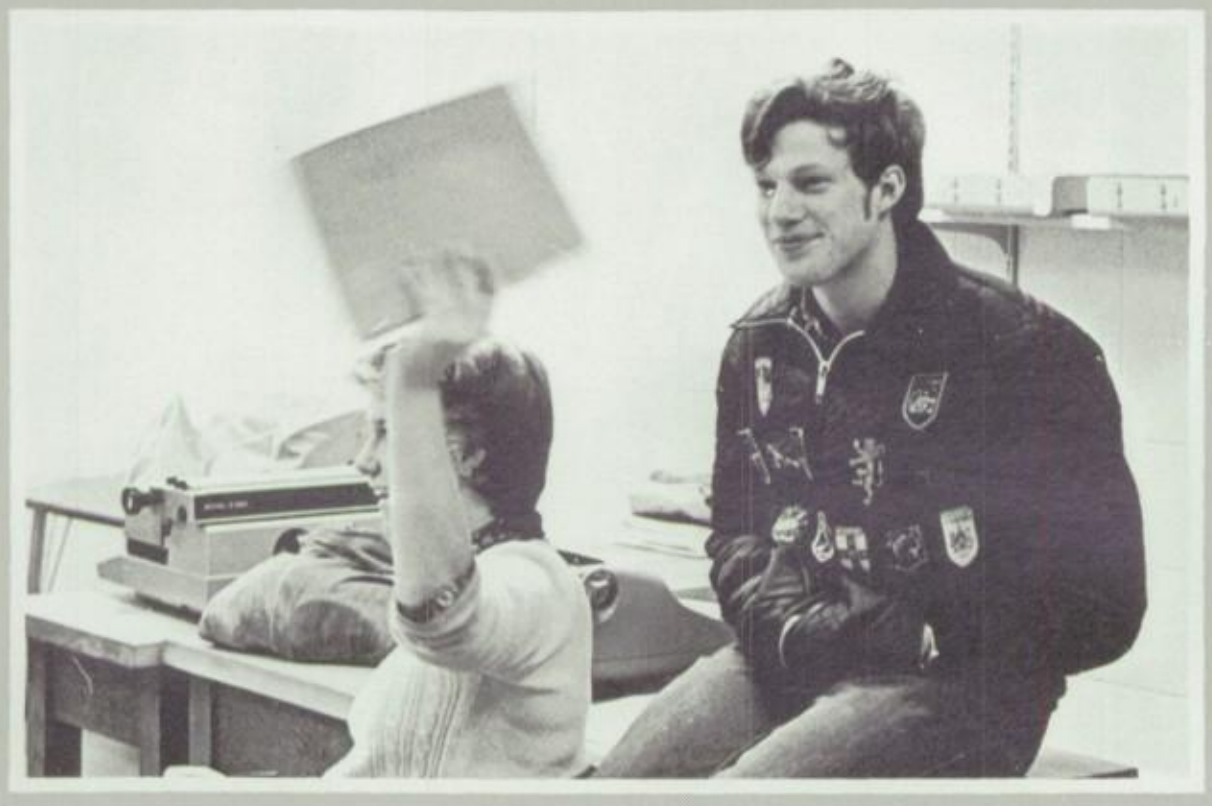
Carlos Durant of Peru

Seventeen year old Carlos, of Cusco, Peru, was one of this years AFS students. He arrived in the United States, in New York on August 8. Here he attended a conference for AFS students. Five days later he arrived in West Bend to join his American family, the Kohlmanns.

In Cusco, he lives with his family of five. Two sisters, his father, who is an architect, and his mother, who teaches elementary school.

Carlos enjoys american life and enjoys meeting all the people. He feels that it is an "interesting way of life."

FOREIGN EXCHANGE



Andrew Merrylees of Australia

Andrew was our Rotary club exchange student from Carrathool, Australia. In Carrathool, which has a population of 80, he lives with his mother and father and an older and younger sister.

His first impression of West Bend was "It's cold", he hadn't expected 10-15 degrees below zero weather!

At first he was a bit confused -he stated "light switches are upside down and people drive on opposite sides of the street. Everything is turned around in America so I have to think backwards!"

He likes West Bend and feels that the people are very friendly. He also likes American food, his favorite is the hamburger, but without the pickles.

Andy arrived here in January and is staying with his American family the Dave Gonrings. During the summer he plans to tour the U.S. and in the fall will attend first semester at the University untill January.

The Varsity Girls' Volleyball Team finished fourth in Conference with a record of 4-3, and an overall record of 9-3. On October 19 they traveled to Sheboygan North for regional competition. After defeating WB East, Sheboygan North, and Sheboygan South, the girls brought back the 1st place trophy. Winning Regionals qualified them to compete in Sectionals. At Sectionals, held in Neenah, the squad played exceptional volleyball, but came up short.

This year, West Girls' Volleyball had a new addition; The Freshman Team. Through this extra year of competition, West is building a strong team for the future.

Turnquist and Jahn, Sectional Qualifiers

There were cheers on the court that day,
When the West High Tennis Girls came to play.
They volled, they lobbed, they aced, they scored.
Coaches and spectators were never bored.

The girls did well for they had a dream,
And they had the spirit and the fight and the steam
To make the dream of victory come true-
Both for themselves and for the blue, white, and blue.

The Girls' Varsity Tennis Team ended their season with an overall record of 5-7 and a match point record of 38-32. Janet Nelson was team captain and Meg Gonring, most valuable player. The future of the Spartan netters is very bright as no team members will be lost to graduation. All fifteen girls will return to the courts next year with dreams and goals of winning the conference title and entering post-season tournament play.

The 1976 Girls' Golf Team placed second in Conference, and finished with a dual meet record of 12-14. The letter-winners for last season were: Nancy Dolde, Ellen Ziegert, Ann Backhaus, Dawn Brooks, and Linda Schuetz. Ann Backhaus received the Most Improved Award, and Linda Schuetz and Dawn Brooks the Most Valuable Award. The girls did a good job and are looking forward to another season for improvement.

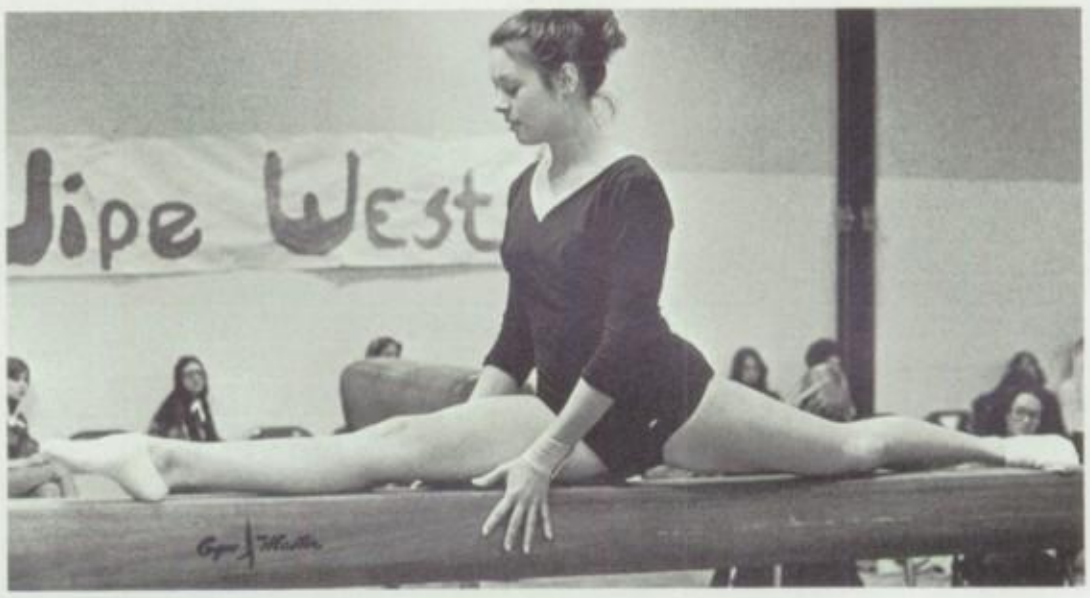
gymnastics



This year the West Gymnastics team compiled its best season record. The varsity squad ended with an over-all record of 5-3. A second place finish at Regional competition qualified the Spartan team for Sectionals. This was the first time a West Gymnastics team has advanced to sectional competition.

Lori Lloyd, captain and Most Valuable Gymnast, is the only graduating member of the team. Although her absence will be felt, the team is looking forward to a great season next year.

The 76-77 Spartan Girls' varsity team was coached by Sue Meredith. They had only two returning letterwinners, Linda Winkler and Debbie Zimmerman. A redeeming surprise this year was freshman Sue Albrecht whose outstanding rebounding and scoring made way for some top-notch performances.

Next year promises to be a great year. The team, however, will greatly miss seniors Ellen Ziegert, Deb Zimmerman, and Sobra Ortleib.

This was the first year West had a Freshman team. Both the Freshman team and the JV team was coached by Ron Held. The two teams show a lot of promise for the future.

This year the West girls track team was 44 members strong. The girls had a lot of enthusiasm, which lasted through the season. Although their overall record was not outstanding, there were some excellent individual performances. Seven school records were broken during the season. Nancy Harders qualified for Sectional competition, and was Most Valuable in Field Events. Lisa Pick was Most Valuable Runner, and Jayne Lindberg was captain.

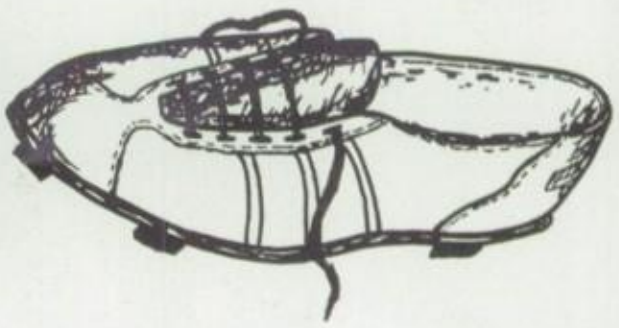
Tom Albrecht



Coach Cahoon

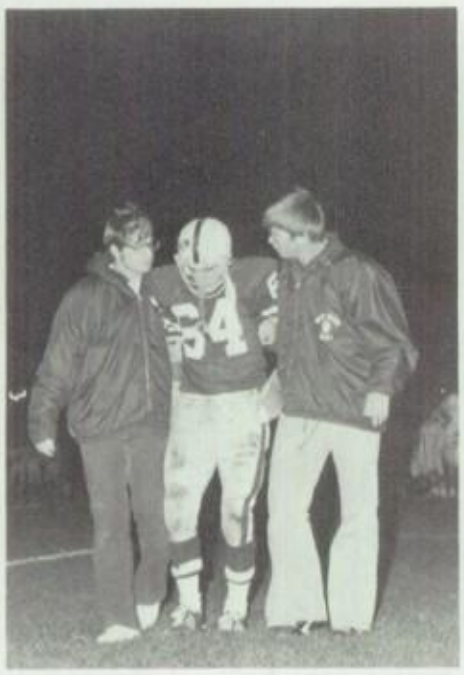
Our West Spartan baseball team concluded their season this year with an 18-6 record, much better than what was expected of them in what was labeled "a rebuilding year."

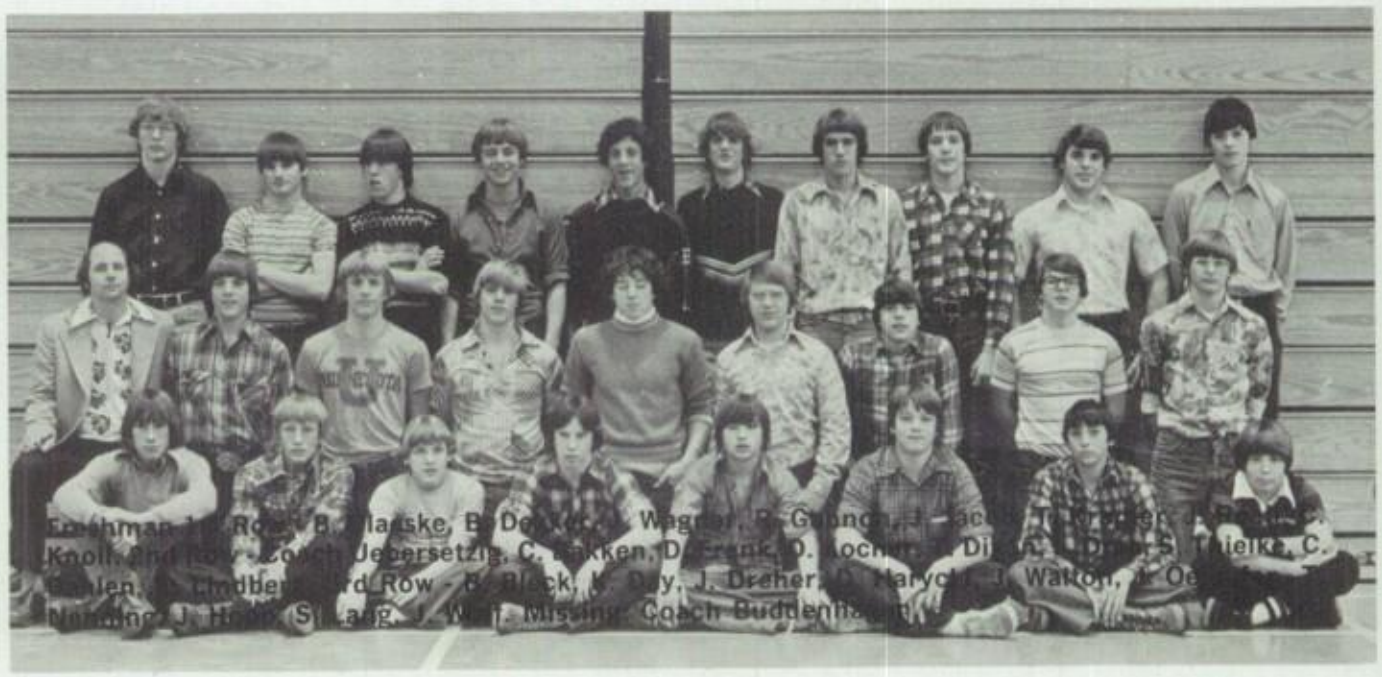
At the outset of the season, Coach Jim Cahoon said the team's success depends on the questionable pitching. The Spartan hurlers came through and allowed an average of just 5.1 hits per game and had a combined earned run average of a mere 1.72. Sophomore Tom Albrecht led the way with a strong 6-1 record and 1.25 ERA.

"We were very weak on hitting," said Coach Cahoon, pointing to the Spartan's low .222 team batting average. Shortstop Steve Albrecht, who was voted Most Valuale Player at the end of the year, with a .311 average.

Some fine seniors who played their last season for West this year were: Captain Mark Greenwood, Bill Cox, Dave Lorenz, Stan Miller, and Randy Weaver. The 1976 Spartans were mostly sophomores and juniors, and with the help of some excellent JV's and frosh, the '77 Spartans have an overabundance of talent and are on their way to another great season.

FOOTBALL





Spartan Football

A good description of the 1976 Spartan Varsity Football Team would be small in numbers and very inexperienced. The roster included only 13 seniors, of which 6 were returning lettermen, in a squad of 30.

But the desire to play good football guided the team throughout the season, and although they posted a 2-7 record, they gave the top two teams in the conference, Hartford and Beaver Dam, probably the toughest games either team had all season.

The starting offensive line, which from end to end listed only two seniors, opened the holes for a strong running attack that was lead by junior back Bruce Herbst, who rushed for over 700 yards and was named to the all-conference second team.

No Spartan was named to the all-conference squad, but two others, Jerry Michelson and Riger Quass, also made the second team.

The 1976-77 swim team swam to a 3 win and 7 loss dual meet record. The had alot of good spirit despite the fact that there was not enough depth that could help to sustain victories.

At the seasons end there were no qualifiers for the state meet. The closest was Dan Roskopf who broke the state cutoff time in the prelims but not in the finals on section day. His time of 23.5 tied the school record already held by Jeff Martin and Todd Indermuehle of past Spartan teams. The only other record came early in the season, in the 500 free.

Other highlights of the season were made by the strokes and splashes of the freshmen who set five new frosh records, three individual by Mark Lord and two relays of which Mark was a part.

The freshmen seem to be the backbone of future Spartan teams, along with the return of all the sophomores and juniors led by this years most improved swimmer, Scott Vandelist. The key to continued success is hard work and dedication to the sport of swimming, and the swimmer must commit himself to a conditioning program twelve months of the year.

Memoree VanderHeyden

"Students sometimes enter high school as freshmen wondering what the next four years will bring. Many times, they don't know the changes that will occur in their own life styles during the time they spend in school. Their freshman year, many times, is devoted to making new friends, joining activities, learning independence, and getting acquainted to life in a high school. The sophomore year, many times, is devoted to expanding one's social life because most of the adjustments from entering high school have been completed. The sophomore year is usually a lot of fun for a lot of students. Many sophomores are completing most of the graduation requirements. The junior year is probably the most important year for a lot of students as far as achieving success in the classes. High grades are required for many of the scholarships to be awarded upon graduation and the junior year is the last full year these are counted toward this success. The senior year causes many students to realize they are ending their high school career, leaving behind not only their friends, but their families as they go off to work, to school, or to the armed services. While this is socially a very rewarding year for many students, many students also feel a lot of pressure to make decisions that affect their future.

Students can do a lot of things to make their years in high school not only happy ones, but successful years as well. Students can join activities which have many benefits to them. They can take classes that are going to help them not only when they are in school, but in the years to come. School, we feel, is more than just for going to class and passing courses. School is and should be a socializing process for students and students can do a great service to themselves and their families in all the years to come, by striving to meet these goals while in high school."

seniors . . . the built-up memories; the times that suddenly seem so important today, when they didn't affect you yesterday; the future that is right in front of you . . . it's yours; those dreams that you have are ready to be followed now . . . without hesitation; you are ready for the world — but don't forget what you've learned; be yourself, save your memories, accept responsibility, live your own life . . .

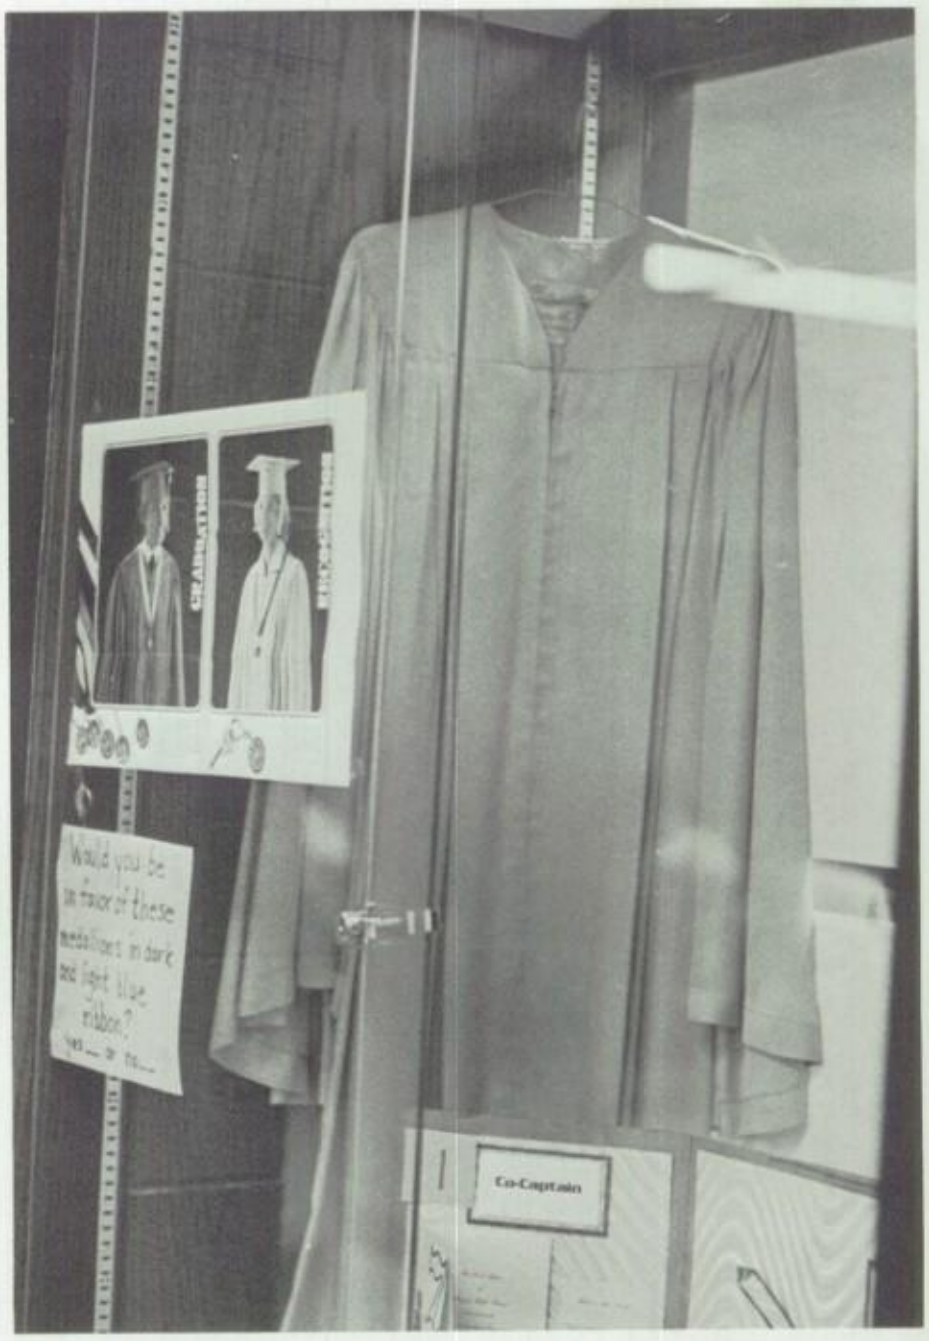
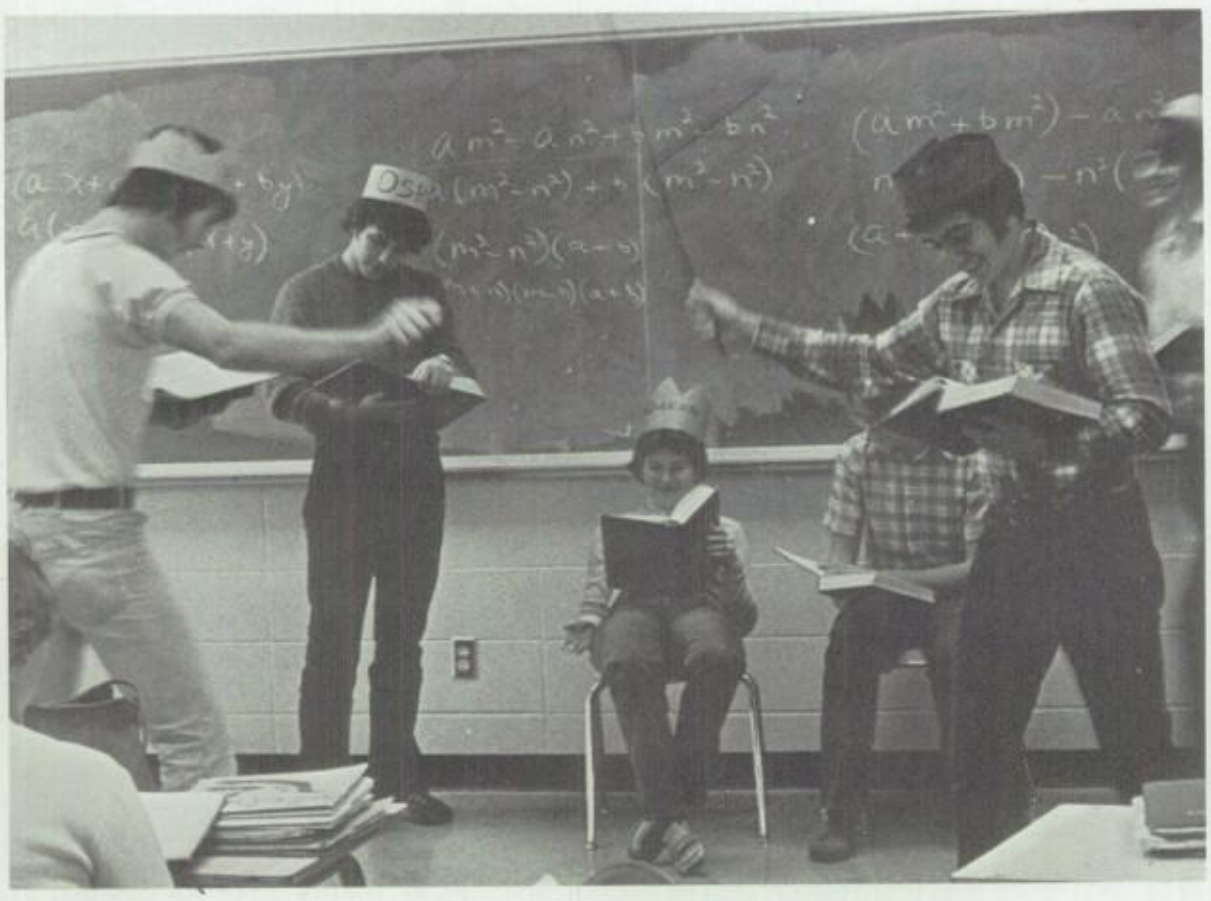
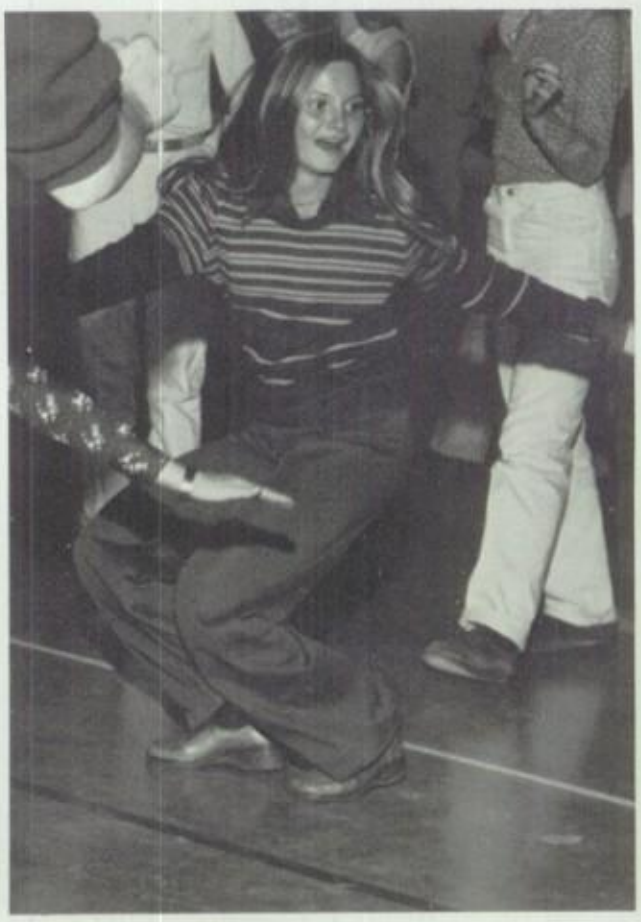
"Is that all I get?"



What a body!



Remember when they fought over me?



Get down tonight.

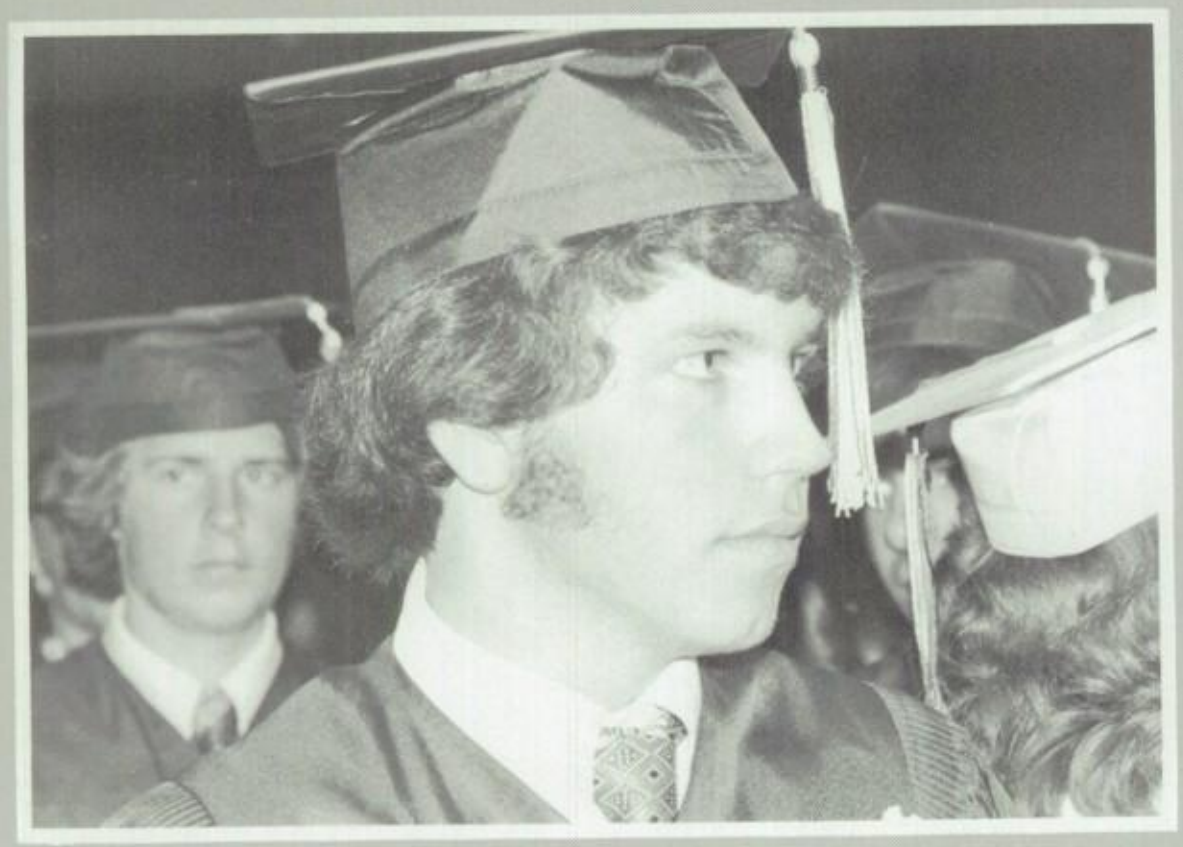
There is only one success —
To spend your own life in your own way.

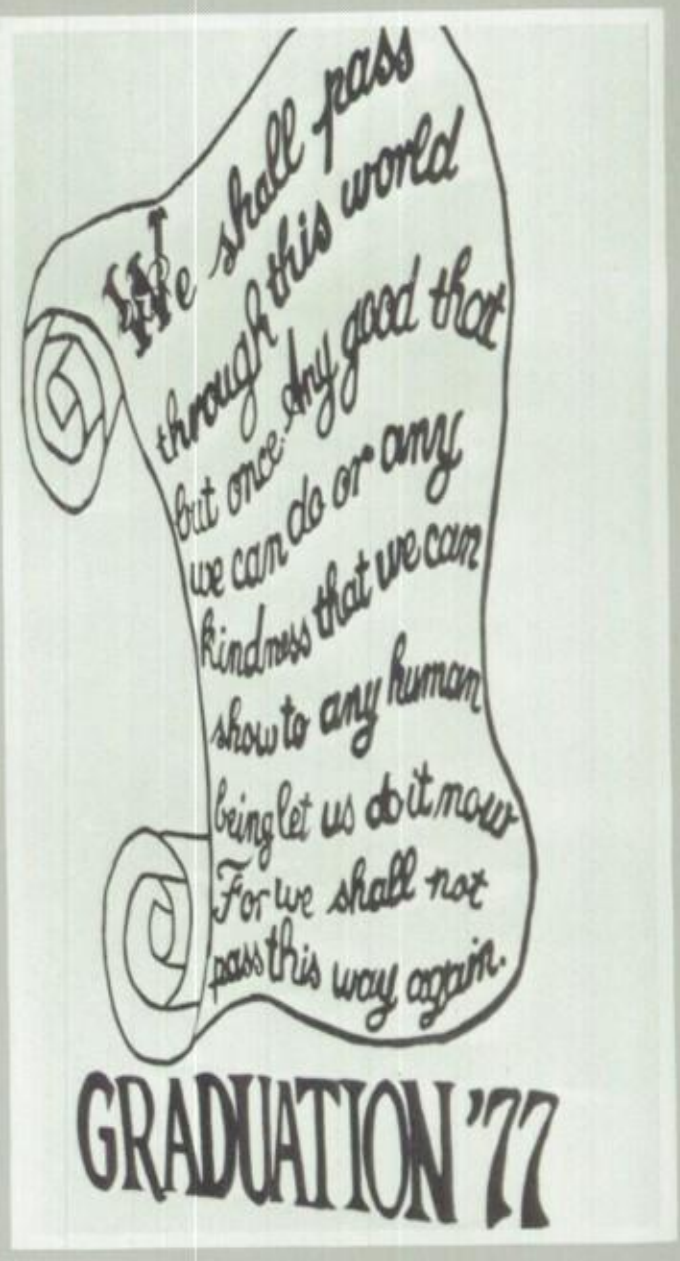
Christopher Morley

Throughout my high school years, and especially during my senior year, I have had the opportunity to meet many new people, to establish lasting friendships, and to decide for myself just what life means. I've benefited from my every experience, both in school and outside of school. Luckily, I've discovered that goods friends are to be valued; that each experience is to be accepted for what it is — experience; and that each day is to be lived without too much care or concern for the future.

Now I realize that if I want to live happily; if I intend to spend my time purposefully; if indeed, I wish to find the real meaning to life; then above all, I must be myself — whatever that self is.

GRADUATION '77





We shall pass
through this world
but once. Any good that
we can do or any
kindness that we can
show to any human
being let us do it now
For we shall not
pass this way again.
GRADUATION '77

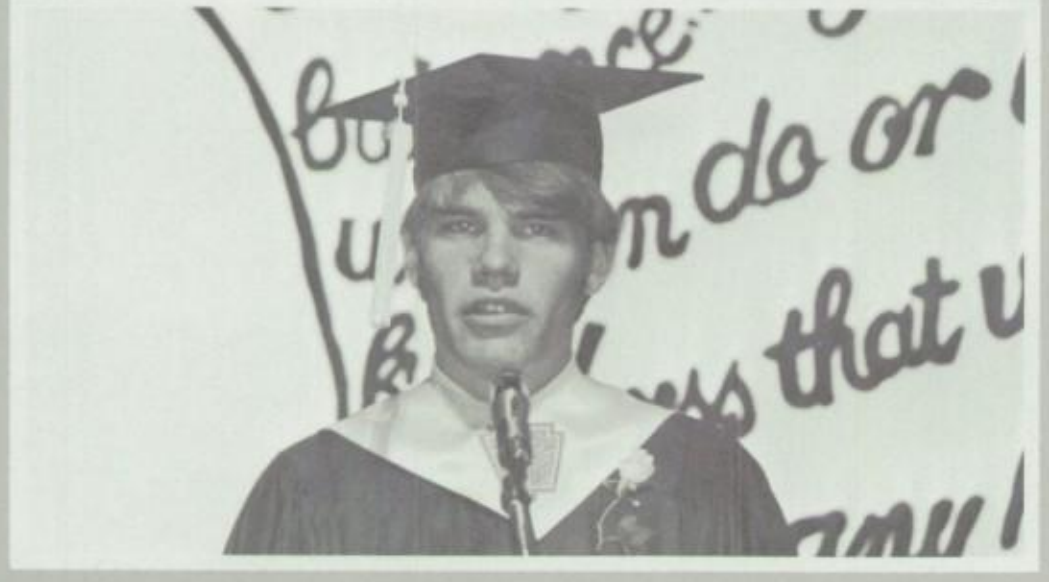
Reach high! The best is always kept upon life's topmost shelves, but not beyond our reach if we will reach beyond our selves.

The bridges are crossed,
There's no turning back.
But it's not the end of the line,
Just the beginning of a new life and time.

Sobra Ortlieb

"The important point is to be aware of the need to grow ... through a continuing education that will not stop."

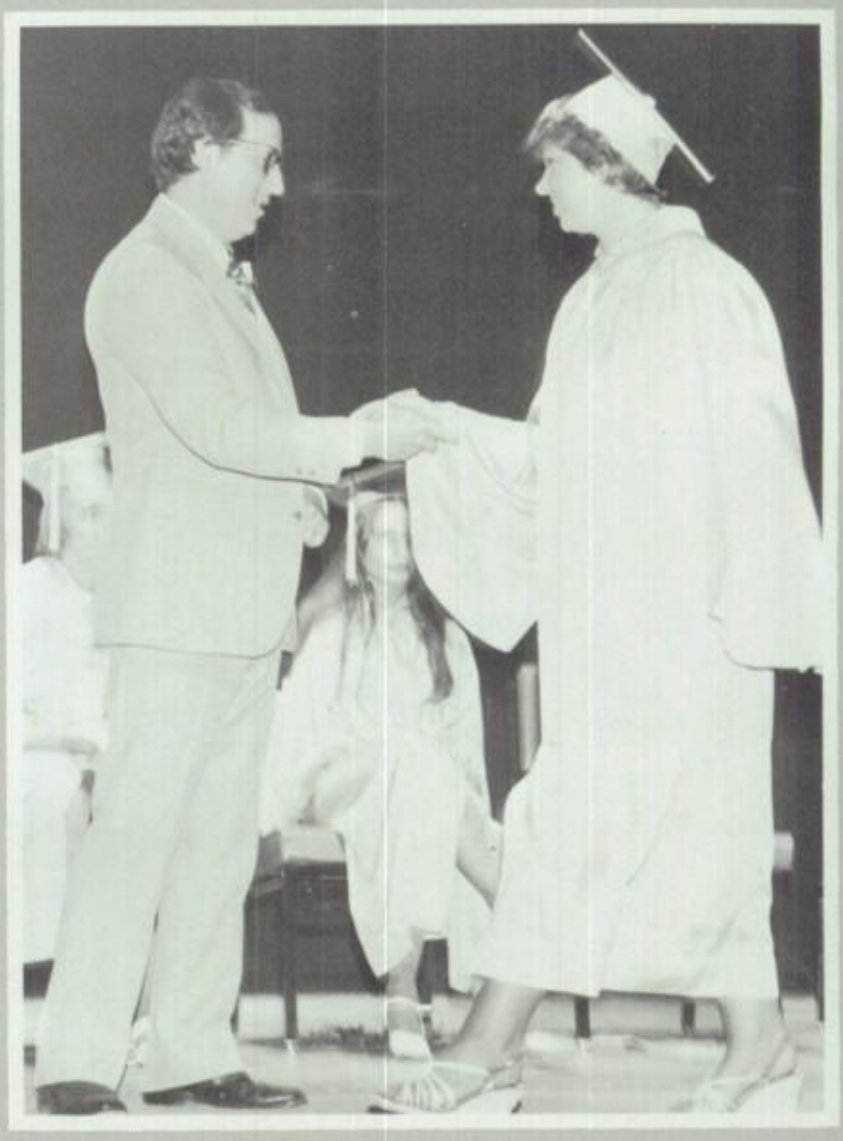
- Guest Speaker William Bast



Clockwise: Student Speaker Mark Thomas, Mistress of Ceremonies Val Wilslef, Foreign Exchange Students Carlos Durant and Andrew Merrylees, Student Speaker Dave Kohlmann.

Lives of great men all remind us
We can make our lives sublime,
And departing, leave behind us
Footprints in the sands of time.

Longfellow



The world is watching you and me
Will we try to change what is wrong?
Or will we stare back?

Vicli Griffith

hold fast to dreams,
for if dreams die,
life is a broken winged bird,
that cannot fly . . .
